Equine Better Care

Providing an all round better care of your horses.

Equine Better Care was set up in September 2001 offering a variety of services to professional riders and trainers and one-horse owners. I provide Equine massage, Instruction, staff cover, clipping, HGV Driving, Show prep, exercising and riding regularly, annually or just occasionally. After gaining my BHS AI in 1994 I worked at a dressage yard where I was fortunate to have the opportunity to train with Chief Rider of the Spanish Riding School Arthur Kottas on an Advanced Dressage horse. Further training in the art of Classical Dressage with Charles de Kunffy triggered my interest in the biomechanics and the structure of a horse. Consequently in 2001 I studied as an Equine body worker and gained my qualification as a Master in 2003.

Currently I am the only MEBW in Sussex. In 2004 I gained a diploma from Raworth International sports college in holistic massage to enable me to also support the rider by specialising in human massage. As a rider, I've personally found massage has played a huge role for the horses I work with noticeably improving suppleness, quality of gaits and relaxation. A positive effect in my experience has been a shorter and more productive training time, which in turn leads to less wear and tear on the horses body. I feel combining massage with quality training and riding can only have productive results for both horse and rider. As some of my regular customers work with a key member of the multi Gold medal winning German Olympic team I am able to continually further my knowledge and train my eye at the highest level and bring the benefits of this experience to my clients. The rewards from this work is relayed by owners and portrayed by their horses, which is extremely gratifying.

Massage Clinic's currently Available in:

**Sussex
Surrey
Kent
Reading
Dorset**

**HGV Driver
&
Experienced Groom**

**Packages to suit all
For competition or
training days**

Regular body work/ Massage sessions

act as prevention for injury and promote:

- **Improved gait quality, performance, range of motion and flexibility**
 - **Conditioning maintenance of the whole body**
 - **Improved circulation**
 - **Induction of relaxation and relief of tension**
- **Lengthening connective tissue through soft-tissue manipulation and passive stretching**
 - **Enhanced muscle tone**

Body work benefits every horse regardless of shape or size, within every discipline from your hairy happy hacks to performance horses.

It is how ever not a substitute for veterinary care or medicine. Veterinary permission is required prior to a consultation.

Hoof It for Horses 2007

It has been labelled the 'Red Nose Day' of the equestrian world. Hoof it for Horses, the International League for the Protection of Horses' (ILPH) annual fundraising day, will take place this year on 6th October.

"Hoof it for Horses is a fantastic event to get involved in," says Danielle Zitman, ILPH Events Officer. "Whether you organise your own fundraising event, take part in one of our sponsored walks or sponsor Hoof it Harry's London 10K run, your support will enable the ILPH to help even more horses at home and abroad."

Visit www.ilph.org/hoofit to request your exclusive fundraising pack, bursting with ideas and tips for organising events and raising money. If you wish to sponsor Hoof it Harry you can do so securely online at www.justgiving.com/hoofitharry10K.
